CHINA CENTER FOR HUMAN CAPITAL AND LABOR MARKET RESEARCH

Established in March 2008, the China Center for Human Capital and Labor Market Research (CHLR) at the Central University of Finance and Economics (CUFE) is part of a Special Platform for Advance Programs at the CUFE. It is an international research center for the study of human resources, labor markets, and their impact, focusing on China and related economies.

Nobel Laureates James Heckman, and Professor Dale W. Jorgenson of the Harvard University and the founder of the income-based method for measuring human capital, serve on the Advisory Board.

All faculty and research fellows of the CHLR hold a Ph.D. degree in economics from major universities in North America and Europe, and all visiting professors are tenured professors from major U.S. universities. Currently the Center has 8 full-time faculty members, 7 special term professors, and 10 senior research fellows. Among the teachers, there are 7 special term professors 1 associate professor and 7 assistant professors.

The major research areas in the Center include but are not limited to human capital investment; its measurement and impact; education, health; innovation, entrepreneurship; and labor market outcomes and labor-related government policy.

The CHLR has master's, doctoral and post-doctoral programs. The Center's graduate programs are internationally oriented. The curriculum and instruction are rigorously designed following research universities in North America. All courses are taught in English.

JOINT RESEARCH DATA CENTER AT THE CENTRAL UNIVERSITY OF FINANCE AND ECONOMICS & UNIVERSITY OF ELECTRONIC SCIENCE AND TECHNOLOGY OF CHINA

Founded in April 2018, CEDC is a university-level research institution at the Central University of Finance and Economics (CUFE). CEDC aims to establish a data-sharing platform for research and policy use. It provides fund to build databases from various research projects, to support data collections, and offers a user-friendly web space for searching and downloading data.

As of now, CEDC has sponsored eight data projects, including two unique large databases, the China Human Capital Database and the China Fiscal Statistics and Information Database. We are now working with the National Health Commission (Migrant Population Service Center) to share their large-scale migration data, and with Peking University on the Enterprise Survey for Innovation and Entrepreneurship in China (ESICE). We are currently calling for proposals on data project related to COVID-19 pandemic that would support research on this important topic. In the long term, the CEDC plans to create its own unique data in addition to supporting data sharing from other projects. Additionally, CEDC hosts annual conference on data science

The office of CEDC is located at CUFE (South College Road campus). Currently we have 11 advisors, 6 fellows, 4 full-time administrative members, and 3 student assistants. Please visit our website at: cedc.cufe.edu.cn for more information.

中央财经大学

中国人力资本与劳动经济研究中心简介

中国人力资本与劳动经济研究中心（CHLR）（以下简称“中心”）隶属于中央财经大学“经济学与公共政策优势学科创新平台”，成立于 2008 年 3 月，是一个以研究中国人力资本、劳动力市场及其与经济发展关系为主要研究方向的院级国际化研究中心；中心招收博士后、博士和硕士研究生。中心顾问由该领域的国际著名教授担任，其中包括诺贝尔经济学奖得主 James Heckman 教授，以及人力资本计算方法——终身收入法创始人之一，哈佛大学的 Dale W. Jorgenson 教授。

中心的教学科研成员全部为北美知名高校的终身教授或者拥有北美或欧洲知名高校经济学博士学位的海归学者。中心有全职教师 8 人，特聘教授 7 人及特聘研究员 10 人。教师队伍中，特聘教授 7 人，副教授 1 人，助理教授 7 人。

中心以科研为主导，强调国际化的前沿学术研究。主要研究方向为：1) 人力资本的形成、度量及作用，2) 教育、健康与人力资本，3) 人力资本与创新及创业，4) 劳动力市场与政策，5) 人口与社会保障，6) 产业组织。

中心拥有科学完备的博士及硕士研究生培养方案，其课程体系和课程设置与美国研究类高校一致，采用全英文授课及国际化人才培养方式。截至 2020 年 12 月，中心已毕业博士后 1 人，博士生 10 人，硕士生 117 人。目前在校生 45 人，其中全日制硕士生 39 人，全日制博士生 6 人。

中央财经大学—电子科技大学联合数据研究中心简介

中央财经大学—电子科技大学联合数据研究中心（CEDC）于 2018 年 4 月成立，是中央财经大学的校级研究机构，以服务国家发展战略、政府经济决策、国内外学术研究以及企业数据需求为宗旨，融合中央财经大学的财经优势和电子科技大学的技术特色，致力于将中心建设成支撑我校经济学、金融学、财政学和管理学等各学科全面发展的数据共享服务平台。

CEDC 现有主任 1 名、执行副主任 2 名、特聘指导专家 11 名、兼职研究员 6 名、行政人员 2 名、兼职学生助理 3 名。

自成立以来 CEDC 积极开展项目支持工作，截至目前共支持数据项目 8 个，其中包括两个大型特色数据库项目，即“人力资本数据库”和“中国财政基础信息数据库”项目。同时，CEDC 与国家卫生健康委流动人口服务中心建立合作，共享其大量流动人口数据。此外，CEDC 还将与中央财经大学经济学院和北京大学合作进行 ESICE 数据调查。

从长远来看，CEDC 除了支持其他项目的数据共享外，还计划建设自己的数据。计划在未来与经济合作与发展组织（OECD）建立合作，在整合国内数据的同时，引入 PIAAC 及多项国际数据库，完成数据本土化处理工作，实现 CEDC 的国际化。

BRIEF INTRODUCTION TO CHINA'S HUMAN CAPITAL PROJECT

1. China's Human Capital: Measurement and Index

The research project, “China's Human Capital: Measurement and Index Construction,” is conducted by the China Center for Human Capital and Labor Research Center (CHLR) and funded by the National Natural Science Foundation of China and the Central University of Finance and Economics (CUFE). The project is establishing China's first scientific and systematic human capital index and quantitatively describing China's human capital distribution, trend and dynamics. It constructs important measures for further evaluating human capital and its contribution to economic development and provides policymakers with important information on the nation's human capital development.

The project is part of the international effort to establish comparable national human capital measurement across nations and to eventually incorporate human capital into the National Income and Product Accounts (NIPA) system.

The project is led by Professor Haizheng Li. The research team includes Professor Barbara Fraumeni (a pioneer scholar in developing the Jorgenson-Fraumeni method of human capital calculation), other full-time and special-term professors, graduate students, and the administrative staff at the CHLR.

Since the inaugural issue of the China Human Capital Report in 2009, the project has generated great social impact, and it has drawn the attention of academia and governments both at home and abroad.

Funding:

- The project was initiated in 2009 and has been funded by various priority research funds from the CUFE. The project has been designated as one of the representative research projects at the CUFE.
- The project has continuously been funded by the National Natural Science Foundation over the past ten years.

Team:

- The project has been conducted in cooperation with universities in the United States, including Georgia

Institute of Technology, Ohio State University, and State University of New York at Buffalo.

- The research team includes the two founders of the Jorgenson-Fraumeni income-based approach: Professor Dale Jorgenson at the Harvard University and Professor Barbara Fraumeni, who also serves as a special-term professor in the Center.
- The team includes all full-time and special-term professors, graduate students, and the administrative staff at the CHLR.

China Human Capital Report (in both Chinese and English version):

- The China Human Capital Report series has been released every year since 2009 in an international conference on human capital hosted by the CHLR. Keynote speakers and conference participants have included:
 - The Nobel Laureate late Professor Kenneth J. Arrow, Professor Dale Jorgenson, and scholars from the World Bank, the OECD and many other institutes around the world;
 - Professor Zhenghua Jiang, the Vice Chairman of the National People's Congress, Keng He, the Vice Chairman at the Finance and Economics Committee of the Standing Committee of the National People's Congress, Guoqiang Long, the Vice Director at the Development Research Center of the State Council, Xianchun Xu, the Deputy Director at the National Bureau of Statistics, and many other scholars all around China.

Impacts in China:

- The annual release of the China Human Capital Report has normally been covered in major media in China, such as Guangming Daily, People's Daily Online, Sina Online, and Jiefang Daily.
- The annual China Human Capital Report is regularly submitted to the Ministry of Education and the Department of Organization for policy reference.
- The CHLR has established formal collaboration with several research institutes such as the Beijing Human Research Center of Beijing Municipal Department of Organization.
- The project was noted favorably by Yandong Liu, the current Vice Premier of the State Council (and then State Consular), during her visit of the university in 2009.

Academic impacts:

- The Human Capital Report has been included in the World Bank Report, "The Changing Wealth of Nations."
- Parts of the China Human Capital Report have been published as working papers of the National Bureau of Economic Research (NBER).
- Parts of the China Human Capital Report have been published as research papers in peer-reviewed journals, including *Journal of Comparative Economics*, *Review of Income and Wealth*, *China Economics Review*, and *Economic Research Journal* (the top Chinese journal in economics).
- The project team has been invited to many domestic and international conferences, including presentation at the plenary session of the Fifth World KLEMS Conference at Harvard University and the keynote address at the Society of Economic Measurement Annual Conference in 2018.

Impacts worldwide:

- The China Human Capital Project is part of the international effort in establishing comparable human capital measurement across nations. The innovative methods used in the project have been increasingly recognized and adapted worldwide.
- Professor Dale Jorgenson has included a major reference and citation to the Report in his comment on the China Human Capital measurement project in his review paper published in the *Journal of Economic Literature* (2018).
- The project team has been invited to join the large research project on human capital sponsored by the European Union, LLLight'in'Europe FP7 (SSH-2011-2).
- The CHLR has been invited by the International Association for Research in Income and Wealth (IARIW) to jointly host the 2021 special conference on human capital.

2. International Symposium on Human Capital and Labor Markets

In the release of the China Human Capital Report, the CHLR holds an annual international conference on human capital. The conference receives over a hundred submissions each year, and it has become an influential conference in the area of human capital research.

3. Human Capital Database

The human capital measurements produced by this project have been widely used in research and policy analysis. The database on China human capital measures and all processed data and raw data, mostly longitudinal, are freely available to the public at: <http://humancapital.cufe.edu.cn/>

4. Educational Impact

Hundreds of master's students, doctoral students, and post-doctoral fellows have participated in the China human capital project. They receive valuable training in research and complete their degree requirements in the project.

中国人力资本指数项目简介

1. 中国人力资本度量研究项目

中国人力资本与劳动经济研究中心（以下简称“中心”）的“中国人力资本的度量及人力资本指标体系的构建”项目得到国家自然科学基金委员会及中央财经大学的专项资助。该项目旨在建立中国第一套科学、系统的人力资本指数，定量描述中国人力资本的分布及发展动态；为更深入地研究人力资本在中国经济发展中的作用提供综合的度量指标；为政府的相关经济社会决策提供定量依据；同时也为中国的人力资本度量方法和指标成为国际人力资本指标体系的一部分、为人力资本作为国民账户的一部分纳入到我国国民财富的衡量体系提供前期工作。该项目由中心李海峥教授主持，人力资本收入算法（Jorgenson-Fraumeni 方法）创始人之一的 Barbara Fraumeni 教授直接参与项目，中心全职教授和特聘教授，以及全体博士、硕士研究生及行政人员共同参与。

经过十余年连续努力，中心建立了中国第一套科学的、国际化的、连续更新的人力资本度量体系。《中国人力资本报告》自 2009 年公开发布以来，受到了国际、国内学术界及政府部门的高度重视，引起了广泛的、良好的社会反响。

项目资助

- 人力资本项目于 2009 年立项，是中央财经大学标志性成果之一，中央财经大学一流学科建设重点支持项目。
- 连续十年获得国家自然科学基金资助，并进入 2019 年国家自科基金重点项目最后答辩（因作者顺序标注问题未能立项）。

项目团队

- 人力资本度量项目与美国乔治亚理工大学、俄亥俄州立大学、纽约州立大学等高校建立了长期合作。
- 人力资本度量 J-F 方法创始人哈佛大学著名教授 Dale Jorgenson 作为顾问，另一位创始人 Barbara Fraumeni 作为中心特聘教授每年亲自参与项目。
- 中心全体特聘教授、全职教师、博士生、硕士生及行政人员共同参与项目工作。

《中国人力资本报告》（中英文版）

- 中心连续 10 年每年发布《中国人力资本报告》（中英文版）。发布会参会人员包括：

- 诺贝尔奖获得者阿罗教授（已故）、哈佛大学 Dale Jorgenson 教授，世界银行和 OECD 官员及国外学者；
- 全国人大副委员长蒋正华、全国人大常委财经委员会副主任贺铿、国务院发展研究中心副主任隆国强、国家统计局副局长许宪春及众多国内学者。

项目国内影响

- 每年《中国人力资本报告》发布，国内主要媒体包括光明日报、人民网、新浪网等均集中报道，解放日报曾整版报道中国人力资本报告。
- 《中国人力资本报告》每年递交教育部作为参考材料，也是中组部第二次全国人才工作会议的参考材料，并收录于《北京人才发展报告》等。
- 中心与北京市组织部人力资源研究中心等成为合作共建单位。
- 2009 年刘延东同志来中央财经大学参观，肯定了人力资本研究工作。

项目学术影响

- 《中国人力资本报告》的内容收录于世界银行官方报告《国家财富的改变》。
- 《中国人力资本报告》的内容收录于美国国家经济研究局工作论文（NBER）。
- 《中国人力资本报告》的内容发表在国际国内高端期刊 *Journal of Comparative Economics*, *Review of Income and Wealth*, *China Economic Review* 及《经济研究》等。
- 项目团队应邀参加了多次国际和国内学术会议，并在哈佛大学国际会议作大会发言，在国际度量学会 2018 年会作大会主旨发言。

项目国际影响

- 参与国际标准制定：中心在人力资本度量方面的研究和探索已经达到国际前沿水平。我们的度量方法、特别是我们对国际方法的创新改进已经被国际社会接收并被越来越多使用，正成为国际标准的一部分。
- 哈佛大学教授 Dale W. Jorgenson 发表在国际权威期刊 *Journal of Economic Literature*（2018）综合回顾文章专门有一整段文字对中心人力资本度量研究给予评价。
- 中心应邀参加欧盟大型人力资本项目。
- 国际收入与财富研究学会邀请中心共同举办 2021 人力资本国际年会

2. 人力资本国际研讨会

以人力资本报告发布为契机，中心每年举行人力资本国际研讨会。该年会已经成为国际人力资本领域具影响力的国际会议，每年收到会议英文投稿百余篇。

3. 人力资本数据库

中国人力资本报告系列及历年的计算结果、中间数据、以及原始数据已经被广泛应用，形成以面板数据为主的中国人力资本数据库。相关资料及数据可以在人力资本中心官方网站下载，免费供社会各界使用（<http://humancapital.cufe.edu.cn/>）。

4. 人才培养

大量的硕、博士研究生及博士后参与了人力资本项目。

LIST OF PAST SYMPOSIUMS ON HUMAN CAPITAL AND LABOR MARKETS

2009--The First International Symposium on Human Capital and Labor Markets

About the Symposium

On October 10, 2009, CHLR held its first international symposium on measurement of human capital and released the China Human Capital Report 2009. The Principle Investigator for the project, Prof. Haizheng Li presented the methodology of the estimation of human capital stock and the estimation results at the national level for 1985-2007. The China Human Capital Report 2009 establishes China's first systematic and comprehensive human capital measurement and human capital index, including the stock of human capital of China 1985-2007, by urban-rural and by gender; human capital per capita; various human capital indices; and the forecast of China's human capital stock for 2008-2020. The symposium included academic sessions focusing on the measurement of human capital, construction of the human capital index, and the contributions of human capital to economic growth and welfare.

Participants

Nobel Laureate Prof. Kenneth J. Arrow, Prof. Ken He (Deputy Director, Finance Committee of the Standing Committee of the National People's Congress), and Prof. Dale W. Jorgenson (co-founder of the Jorgenson-Fraumeni income-based method for measuring human capital, Harvard University), gave keynote speeches in the plenary session. Prof. Guangqian Wang (President of CUF), Prof. Donggang Zhang (Deputy Director of the Social Science Division, Ministry of Education), Dr. Xianchun Xu (Deputy Commissioner, National Statistics Bureau), and Dr. Zhongjie Jia (Director of the Senior Civil Servants Training Center, Ministry of Human Resources and Social Security) also participated in the symposium. Over 800 domestic and foreign scholars including Professor Barbara M. Fraumeni (University of Southern Maine), national and international government officials, as well as university students, attended the symposium.

2010--The Second International Symposium on Human Capital and Labor Markets

About the Symposium

The Second International Symposium on Human Capital and Labor Markets and the release of the China Human Capital Report 2010 was held in Beijing October 15, 2010. The symposium was organized by the CHLR. In the meeting, the China Human Capital Index and Report 2010 were released. This year's report updates the human capital estimation at the national level; and for the first time, human capital at the provincial level is estimated. The 2010 report includes human capital estimation results for Beijing, Liaoning, Jiangsu, Guangdong, and Gansu.

Participants

Dr. Ardo Hansson (Chief Economist, World Bank China Office), Dr. Danling Zhao (Official of Ministry of Education), Prof. Yuetian Li (Deputy Director-General of Ministry of Human Resources and Social Security), and Prof. Guoqiang Long (Director-General, Research Department of Foreign Economic Relations, the State Council Research and Development Center) provided helpful comments on the human capital index report, as specially invited discussants. Prof. Barbara Fraumeni (a co-developer of the Jorgenson-Fraumeni method of human capital calculation) chaired the meeting, and Professor Haizheng Li presented new results from the Human Capital Report 2010. Additionally,

officials from the Ministry of Education, National Development and Reform Commission, the National Bureau of Statistics, the Department of Organization of Beijing, and the Development and Reform Commission of Shanghai, and other agencies, as well as domestic and foreign scholars attended the symposium.

2011--The Third International Symposium on Human Capital and Labor Markets

About the Symposium

The Third International Symposium on Human Capital and Labor Markets and the release of the China Human Capital Report 2011 was held in the Central University of Finance and Economics (CUFE) on October 28, 2011. The symposium was organized by the CHLR, and it released the China Human Capital Report 2011. Compared with previous human capital reports, the 2011 Report shows significant improvements in calculation methods, addresses the problem of missing data at the provincial level, and also adds new micro survey data. The Report updates the national human capital estimates for 1985-2009 and expands the coverage to 12 provinces (Beijing, Shanghai, Gansu, Guangdong, Jiangsu, Liaoning, Anhui, Shandong, Guizhou, Hubei, Hunan, and Henan). In addition, the Report discusses human capital across provinces and their trends and patterns.

Participants

Specially invited discussants and commentators, Desheng Lai (Dean, Beijing Normal University), Yang Du (Fellow, Institute of Labor and Population Economics, Chinese Academy of Social Sciences), Zhaoming Gui (Professor, Wuhan Institute of Technology), Yongzhi Liu (Director, China Association of International Exchange of Personnel), Philip O'Keefe (Lead Economist, World Bank) gave in-depth discussions on this year's Report. Mr. Fengyun Lei (Deputy Director, State Administration of Foreign Experts Affairs), Prof. Barbara Fraumeni (a co-developer of the Jorgenson-Fraumeni method of human capital calculation), Prof. Yijun Li (Deputy Director, Division of Management Science, National Natural Science Foundation of China), Junsheng Li (Vice President, Central University of Finance and Economics), as well as other domestic and foreign scholars also attended the symposium.

2012--The Fourth International Symposium on Human Capital and Labor Markets

About the symposium

The Fourth International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2012, organized by the CHLR was held in CUFE on December 14, 2012. The China human capital report 2012 was released. The new report uses updated provincial statistical data and computes human capital for five new provinces (Tianjin, Heilongjiang, Zhejiang, Guangxi and Shaanxi) in 1985-2009. The corresponding panel data of measures of human capital for 17 provinces was constructed. Various data of human capital were released online at the Center's website to promote sharing of research data.

Participants

Prof. Barbara Fraumeni (University of Southern Maine, a co-developer of the Jorgenson-Fraumeni method of human capital calculation) chaired the plenary session. The new human capital report was presented by Prof. Haizheng Li. As specially invited discussants and commentators, Prof. Weiping Li (the chief research fellow from the Chinese Academy of Personnel Science), Prof. Dennis Tao Yang (University of Virginia), and Prof. Yansui Yang (Tsinghua University), gave insightful comments on the Report. In the afternoon, the conference organized three academic sessions. Scholars from China and other countries discussed ongoing research related to broad issues of human capital and labor markets. Prof. Rachel Connelly (Bowdoin College), Prof. Zhenhui Xu (Georgia University and College), and Prof. Dennis Tao Yang chaired the academic sessions. Prof. Lifan Zhao (Vice President of CUFE) also attended the symposium.

2013--The Fifth International Symposium on Human Capital and Labor Markets

About the symposium

The Fifth International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2013, organized by the CHLR was held in CUFE on December 15, 2013. The China human capital report 2013 was released. Updated national and provincial human capital used newly released 2010 census data. Estimated human capital for 5 new provinces in 1985-2010: Hainan, Jiangxi, Jilin, Sichuan, Chongqing. The corresponding panel data of gross measures of human capital for 22 provinces was constructed. The Report also contained estimates of the national and provincial physical capital stock and cross-provincial living cost.

There were 10 human capital-related parallel academic sessions in which there were 41 research papers selected from international and domestic submissions. Scholars from China and other countries discussed ongoing research related to broad issues of human capital and labor markets.

Participants

Prof. Barbara Fraumeni (University of Southern Maine, one of the founders of the Jorgenson-Fraumeni method of human capital calculation) chaired the plenary session. The new human capital report was presented by Prof. Haizheng Li. As special invited keynote speakers, Prof. Zhenghua Jiang (former vice chairman of the National People's Congress) and Prof. Mark R. Rosenzweig (Frank Altschul Professor of Economics, Yale University) gave keynote speeches. Dr. Vincent Perrin (OECD Beijing Representative), Prof. Belton M. Fleisher (Editor of China Economic Review & Ohio State University & CHLR), Prof. Guangqian Wang (president, CUFE), Prof. Junsheng Li (Vice President of CUFE), and Prof. Lifan Zhao (Vice President of CUFE) also attended the symposium.

2014--The Sixth International Symposium on Human Capital and Labor Markets

About the symposium

The sixth International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2014, organized by the CHLR, was held in CUFE on October 31, 2014. The China human capital report 2014 was released. The Report included estimated human capital for 9 new provinces in 1985-2010: Shanxi, Qinghai, Inner Mongolia, Xinjiang, Tibet, Yunnan, Fujian, Hebei, Ningxia, Hong Kong and Taiwan; re-estimated human capital for Hainan province; estimated and national and provincial physical capital stock; and estimated cross-provincial living cost indices.

Participants

Jeffrey S. Zax (Professor, University of Colorado at Boulder) chaired the plenary session. Belton M. Fleisher (Professor, Ohio State University & Special-term Professor, CHLR & Editor, China Economic Review) gave a speech on "Remarks in Memory of Gary S. Becker." The new human capital report was presented by Haizheng Li (Professor, Georgia Institute of Technology & CHLR), Barbara Fraumeni (Professor, University of Southern Maine & CHLR, one of the founders of the Jorgenson-Fraumeni method of human capital calculation) and Carsten A. Holz (Professor, Hong Kong University of Science and Technology & CHLR). Specially invited discussants and commentators included Shujie Han (Editorial Director, Journal of Human Resource Development of China), Martina Lubyova (Director, Institute for Forecasting, Slovak Academy of Sciences), Peter F. Orazem (Professor, Iowa State University) and Jeffrey S. Zax (Professor, University of Colorado at Boulder), who gave in-depth discussions on this year's Report. Prof. Junsheng Li (Vice President of CUFE) also attended.

We received 77 submissions, among which 32 were accepted for presentation.

2015--The Seventh International Symposium on Human Capital and Labor Markets

About the symposium

The seventh International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2015, organized by the CHLR was held in CUFE on December 12, 2015. The China human capital report 2015 was released. Human capital calculation for all provinces, autonomous regions, municipalities and special administrative regions (excluding Macao) were extended to 1985-2012. There were some revisions and improvements in the 2015 Report, including updating the data for enrollment categorized by region and gender to 1985-2012, and adding China Family Panel Studies (CFPS2011) to estimate Mincer parameters. The China Human Capital Report 2015 also reported the average age of labor force, average education level and the proportion of population with high-school education. The news of establishing CPS (Complex Problem Solving) Test Lab in China by the CHLR was released during the symposium.

Participants

Belton M. Fleisher (Professor, Ohio State University & Special-term Professor, CHLR & Editor, China Economic Review) chaired the plenary session. The new human capital report was presented by Haizheng Li (Professor, Georgia Institute of Technology & CHLR), Barbara Fraumeni (Professor, University of Southern Maine & CHLR, one of the founders of the Jorgenson- Fraumeni method of human capital calculation) and Carsten A Holz (Professor, Hong Kong University of Science and Technology & CHLR). Specially invited discussants and commentators: Gary Jefferson (Professor, Brandeis University), Scott D. Rozelle (Professor, Stanford University), Shi Li (Professor, Beijing Normal University) and Tao Xin (Professor, Beijing Normal University). Phil. Samuel Greiff (Associate Professor, University of Luxembourg), Kevin Murphy (Professor, Colorado State University) and Peer Ederer (Professor, Zeppelin University) participated in the releasing the news of establishing CPS (Complex Problem Solving). Jianfeng Peng (Professor, Renmin University & Chairman, China Stone) and Jianping Shi (Vice President of CUFE) also attended.

More than one hundred of international and domestic scholars attended the seventh human capital symposium. The symposium selected 40 papers out of 98 submissions, with 10 parallel sessions covering education, income, health, poverty and behavior, labor market, employment, immigration, human capital, children and complex skills.

2016--The Eighth International Symposium on Human Capital and Labor Markets

About the symposium

The eighth International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2016, organized by the CHLR was held in CUFE on December 10, 2016. The China human capital report 2016 was released. Human capital calculation for all provinces, autonomous regions, municipalities and special administrative regions (excluding Macao) has been extended to 1985-2014. There were some revisions and improvements in the 2016 Report, including updating the data on school enrollment by region and gender based on new data sources for 1985-2014, and estimating both national and provincial physical capital stock for 1985-. The China Human Capital Report 2016 also unified the population estimation method at the national and province level, and it included data on re-calculated national human capital.

Participants

Belton M. Fleisher (Professor, Ohio State University & Special-term Professor, CHLR & Editor, China Economic Review) chaired the plenary session. The new human capital report was presented by Haizheng Li (Professor, Georgia Institute of Technology & CHLR), Barbara Fraumeni (Professor, University of Southern Maine & CHLR, one of the founders of the Jorgenson- Fraumeni method of human capital calculation) and Carsten A. Holz (Professor, Hong Kong University of Science and Technology & CHLR). Specially invited discussants and commentators, Min Tang (Ph. D, State Department Counselor & Vice President of YouChange China Social Entrepreneur Foundation), Boqing Wang (Ph. D, Founder & Chair of MyCOS (China Occupational Skills)) gave in-depth discussions on this year's Report. Jianping Shi (Vice President of CUFE) also attended.

We received 122 submissions, among which 60 papers were accepted for presentation in 14 parallel sessions.

2017--The Ninth International Symposium on Human Capital and Labor Markets

About the symposium

The ninth International Symposium on Human Capital and Labor Markets celebrating release of the China Human Capital Report 2017, organized by the CHLR was held in CUFE on December 9, 2017. 历年人力资本发布会议回顾

一、第一届人力资本研讨会

1. 会议内容

2009年10月10日，中央财经大学中国人力资本与劳动经济研究中心举办了主题为“人力资本的度量及其对增长和福利的贡献”国际研讨会，首次发布中国国家层面人力资本指数及《中国人力资本报告 2009》（中英文版）。项目负责人李海峥教授详细阐述了中国人力资本度量方法与相应的计算结果，以及中国人力资本度量项目的未来发展方向。

本项目探索性地建立了中国人力资本的综合度量体系，其阶段性成果包括：1985-2007年中国分城乡、分性别的名义与实际人力资本存量，相应人均人力资本与各种人力资本指数；人力资本分布状况和变化趋势；对2008-2020年中国人力资本水平的预测。

本次会议还组织了学术分会，分会主题包括人力资本度量方法、中国人力资本指数的构建、以及人力资本对经济增长和福利的贡献等。

2. 出席嘉宾

诺贝尔经济学奖获得者肯尼斯·阿罗 (Kenneth Arrow) 教授、全国人大常委财经委员会副主任贺铿教授、人力资本计算方法创始人哈佛大学的戴尔·乔根森 (Dale Jorgenson) 教授分别作大会主题发言。中央财经大学校长王广谦教授，教育部社科司副司长张东刚，国家统计局副局长许宪春，人力资源和社会保障部、中国高级公务员培训中心主任贾忠杰等以及其他海内外政府官员和学者出席了会议。来自海内外的专家学者、政府及国际组织官员、高校学生等八百多人参加了全体会议。

二、第二届人力资本研讨会

1. 会议内容

2010年10月15日，中央财经大学中国人力资本与劳动经济研究中心举办了“第二届中国人力资本指数发布暨人力资本研讨会”，本次会议发布了《中国人力资本报告 2010》，内容包括：更新后的中国国家层面人力资本计算结果，并首次将中国人力资本的计算深入到省级层面，计算1985-2009年北京、甘肃、广东、江苏、辽宁五个省（市）的人力资本存量与指数。

2. 出席嘉宾

世界银行驻华首席经济学家 Ardo Hansson 博士，教育部人事司副巡视员赵丹玲、人力资源与社会保障部政策研究司副司长李月田、国务院发展研究中心对外经济研究部部长隆国强等应邀对人力资本报告进行点评。人力资本终生收入法的创始人之一 Barbara Fraumeni 教授组织本次人力资本报告的发布和点评。此外，教育部、国家发改委、国务院发展研究中心、人力资源与社会保障部、财政部、科技部、国家统计局、北京市组织部、上海市发改委的领导及其他国内外专家学者出席本次会议。

三、第三届人力资本研讨会

1. 会议内容

2011 年 10 月 28 日，中央财经大学中国人力资本与劳动经济研究中心组织召开了“第三届人力资本国际研讨会暨 2011 年中国人力资本报告发布会”，发布 2011 年中国人力资本指数和报告。与前两年的人力资本报告相比，《中国人力资本报告 2011》大幅度改进了计算方法以弥补省级数据的缺失，同时增加了微观调查数据，更新了 1985-2009 年国家层面人力资本指数并将省级层面估算扩展到 12 个省份：包括北京、甘肃、广东、江苏、辽宁、上海、安徽、山东、贵州、湖北、湖南和河南，并对各省人力资本分布和动态发展情况做出分析。

2. 出席嘉宾

人力资本终生收入法的创始人之一 Barbara Fraumeni 教授、世界银行驻华主任经济学家 Philip O'Keefe 博士、欧洲人力资本项目负责人 Peer Ederer 教授出席，北京师范大学经济与工商管理学院院长赖德胜教授、中国社会科学院人口与劳动经济研究所都阳教授、武汉工程大学管理学院桂昭明教授应邀作为点评专家，围绕本年度人力资本报告进行了深入讨论。国家外国专家局科教文卫司副司长雷风云、国家自然科学基金委员会管理科学部主任李一军、中央财经大学副校长李俊生等以及其他国内外专家学者前来参会。

四、第四届人力资本研讨会

1. 会议内容

2012 年 12 月 14 日，中央财经大学中国人力资本与劳动经济研究中心举行“第四届人力资本国际研讨会暨 2012 年中国人力资本报告发布会”，发布《中国人力资本报告 2012》。与 2011 年中国人力资本报告相比，2012 年中国人力资本报告使用了更新后的省级宏观数据，增加了天津、黑龙江、浙江、广西壮族自治区和陕西 5 个省（自治区、直辖市）1985-2009 年的省级层面人力资本的估算，完成了国家层面及 17 个省市的人力资本计算结果的更新，建立相应的人力资本综合度量体系及相应的面板数据。根据人力资本的计算结果，报告还初步分析了影响人力资本增长的因素、人力资本与退休年龄的关系、以及人力资本对经济增长的贡献等问题。同时，人力资本的各项度量指标数据开始通过中心的网站对外发布，促进学术资源的共享。

2. 出席嘉宾

人力资本终生收入法的创始人之一 Barbara Fraumeni 教授主持发布会，美国佐治亚理工大学经济学院教授、中国人力与劳动经济研究中心主任李海峥作中国人力资本报告。美国加州州立大学长滩分校经济学侯维忠教授、人力资源与社会保障部人事科学院首席专家李维平教授、弗吉尼亚大学达顿商学院杨涛教授，以及清华大学公共管理学院杨燕绥教授，就人力资本报告 2012 进行深入点评。此外，会议举办了三场平行学术分会，鲍登学院 Rachel Connelly 教授、佐治亚学院和州立大学徐振挥教授、弗吉尼亚大学达顿商学院 Dennis Yang 教授分别主持了学术分会。中央财经大学副校长赵丽芬教授等出席会议。

Brief Introductions

to the Specially Invited Speakers and Discussants

Keynote Speakers:

James J. Heckman

James J. Heckman is the Henry Schultz Distinguished Service Professor of Economics at the University of Chicago, a Nobel Memorial Prize winner in economics and an expert in the economics of human development. Through the university's Center for the Economics of Human Development, he has conducted groundbreaking work with a consortium of economists, developmental psychologists, sociologists, statisticians and neuroscientists showing that quality early childhood development heavily influences health, economic and social outcomes for individuals and society at large. Professor Heckman's work has been devoted to the development of a scientific basis for economic policy evaluation, with special emphasis on models of individuals and disaggregated groups, and to the problems and possibilities created by heterogeneity, diversity and unobserved counterfactual states. His recent research focuses on human development and lifecycle skill formation, with a special emphasis on the economics of early childhood development.

Since 1973, he has served as a professor of economics at the University of Chicago, where he directs the Economics Research Center, the Center for the Economics of Human Development, and the Center for Social Program Evaluation at the Harris School of Public Policy. He is a professor of law at the University of Chicago School of Law, senior research fellow at the American Bar Foundation, and research fellow at the Institute for Fiscal Studies. He is also a member of the National Academy of Sciences, the Econometric Society, the Society of Labor Economics and the American Statistical Association, and a fellow of the American Academy of Art and Sciences.

Ludger Wößmann

Ludger Woessmann is Professor of Economics at the University of Munich and Director of the Ifo Center for the Economics of Education at the Ifo Institute. His main research interests are the determinants of long-run prosperity and of student achievement. Special focusses address the importance of education for economic prosperity – individual and societal, historical and modern – and the importance of institutions of the school systems for efficiency and equity. Further research topics cover aspects of economic history, economics of religion, and the Internet. His work was rewarded, among others, with the Gossen Prize of the German Economic Association, the Young Economist Award of the European Economic Association, the EIB Prize of the European Investment Bank, and the Bruce H. Choppin Memorial Award of the International Association for the Evaluation of Educational Achievement. He is Fellow of the International Academy of Education, Member of the German National Academy of Sciences Leopoldina, the German Academy of Science and Engineering (acatech), and the Academic Advisory Council of the German Federal Ministry of

Economics, Chairman of the Research Committee on Economics of Education of the German Economic Association, and coordinator of the European Expert Network on the Economics of Education (EENEE). He is co-editor of the Handbook of the Economics of Education and co-organizer of the annual CESifo Area Conference on the Economics of Education and held over 250 invited presentations. Among his over 250 academic publications are 75 articles in refereed journals, including the Quarterly Journal of Economics, the Journal of Economic Literature, the Economic Journal, and the Journal of Public Economics, as well as several books.

Specially-Invited Discussants:

Yongmiao Hong

Professor Hong is currently the Ernest S. Liu Professor of Economics and International Studies in Department of Economics at Cornell University. He is also Professor of Statistics and a field member in Department of Statistics and Data Science and a field member in Center of Applied Mathematics at Cornell University. Professor Hong joined Cornell University in 1993. He was President of Chinese Economists Society in North America in 2009-2010.

Professor Hong's research interests include model specification testing, nonlinear time series analysis, financial econometrics, and empirical studies on Chinese economy and financial markets. He publishes refereed articles in mainstream economic, financial and statistical journals such as Annals of Statistics, Biometrika, Econometric Theory, Econometrica, International Economic Review, Journal of American Statistical Association, Journal of Applied Econometrics, Journal of Business and Economic Statistics, Journal of Econometrics, Journal of Political Economy, Journal of Royal Statistical Society, Quarterly Journal of Economics, Review of Economic Studies, Review of Economics and Statistics, and Review of Financial Studies.

Jong-Wha Lee

Jong-Wha Lee is a professor of economics at Korea University. He served as a senior adviser for international economic affairs to former President of South Korea. He was also previously Chief Economist and Head of the Office of Regional Economic Integration at the Asian Development Bank and an economist at the International Monetary Fund. After Dr. Lee obtained his Ph.D. and Master's degree in Economics from Harvard University, he has taught at Australian National University, Harvard University and Peking University and served as a consultant to the Harvard Institute for International Development, the Inter-American Development Bank, the International Monetary Fund, the United Nations Development Programme, and the World Bank.

Lee has written and published extensively on topics relating to human capital, growth, financial crises, and economic integration in leading academic journals such as American Economic Review, Journal of Monetary Economics, Journal of International Economics, Journal of Development Economics, Journal of Economic Growth, and Review of Economics and Statistics, as well as several books. He was awarded Cheongnam Prize (best young Korean economist), Maekyung Economist
